

Red Deer

This half-term has flown by in Red Deer class. The children have thoroughly enjoyed their topic of, 'Inside Out,' and made a great start to the year. They have looked in detail at the great earthquake of 1906 in San Francisco and have written some fabulous newspaper reports based on this momentous events. In addition, they have learnt all about the circulatory system and made some fantastic clay hearts! Many a sporting event have been participated in, such as: hockey, football and cross-country. The children were excellent sportsmen and women and represented Elveden with pride. We also enjoyed our Sports Day immensely! Furthermore, we had a wonderful visit from the Maasai Tribe and wrote amazing non-chronological reports based on these. The children have also enjoyed their football lessons with Neil and have made great progress in their swimming lessons; we are glad to be continuing with these after half-term. Finally, the children have made some amazing photo frames and collages of their favourite memories; hopefully we will make many more fabulous memories throughout our school year.
